## Services offered

*“We’re committed to helping Farmers, Retailers, Pack-house Operators, Distributors & Exporters to reduce post-harvest losses of Fruits, Vegetables, Root crops & Ornamentals.”*

The Post-harvest Technology Unit is committed to helping farmers, retailers, packhouse operators, distributors & exporters to reduce post-harvest losses of perishable agricultural commodities entering commerce. These commodities include fruits, vegetables, root crops & ornamentals. The unit provides:

- Research & consultation on ways to reduce losses & lengthen storage life.
- Troubleshooting of problems being experienced in the harvesting, handling,

transportation, packaging & storage of perishables.

- Training and consultation in harvesting, grading, inspection, post-harvest treatments, packaging, cooling, storage, transport, drying, packhouse design & sensory evaluation.

I/We am/are interested in training in:

- Harvest, handling, packaging, storage  
 Packhouse design  
 Sensory evaluation  
 Minimally processed fruits and vegetables

Please list the crop(s) of interest
